MEXICANS RAID HOME OF FORMER PARISIAN.

A letter received by relatives in this city from Mr. John B. Hibler, a former resident of Paris, who has been engaged in ranching in Northern Mexico for several years, told of devastation wrought on his place by a band of raiding Greasers. The raiders were supposed to have been members of the Villa revolutionists or the National party.

The raiders spread across the Hibler ranch and confiscated all his stock, which they drove across the country. Mr. Hibler made a futile effort to stop the vandals, but they only laughed at him, and told him to go see Villa for redress. Mr. Hibler wrote to Judge George Batterson, of Paris, for affidavits to the effect that he had formerly been a resident of this county, and that he was an American citizen, entitled to the full protection as same. Affidavits to this effect were made out and signed by Magistrate Robert O. Turner and Mr. M. F. Kenney, and forwarded to Mr. Hibler, who will take up the matter with the Mexican Government and with the State Department at Washington.

Mr. Hibler will be well remembered here by the older generation. He is a son of the late Mr. Daniel Hibler, who built and resided in the brick mansion on what is now Duncan avenue, and occupied by Mr. Robert C. Talbott and family. Mr. Hibler left Paris about thirty-five years ago, and went to Kansas City, where he secured a position as Pullman conductor on a railroad running into Mexico. There he met and married the daughter of a wealthy Mexican. At her father's death, Mrs. Hibler inherited a large estate and a large sum of money and securities. Mr. Hibler is an uncle of Capt. Speed Hibler, popular Louisville & Nashville passenger conductor, formerly of Paris, and now residing in Nashville.

LOSS OF MEAT CAUSED BY WARM WEATHER.

Several Bourbon county farmers who slaughtered their hogs have lost their meat on account of the warm, damp weather. One man who killed several extra fine large porkers was compelled to abandon the entire lot. Unless colder weather comes shortly it is feared the loss to the county will amount to thousands of pounds.

REOPENING OF THE PARIS GRAND AND ALAMO.

After having been closed to the public since the seventh day of October, when the influenza ban placed all places of public gatherings on the taboos list, the Paris Grand Opera House and the Alamo Theatre will reopen to-morrow, at the Alamo in the afternoon, and at the Paris Grand at night. The management has engaged Edward Vanleeni's Orchestra, a superior musical organization, which will render an artistic program of musical numbers at each performance.

The admission price has been placed for this engagement at 22 cents; gallery, fifteen cents. No children under twelve will be admitted at any price. The houses have been thoroughly fumigated and disinfected and placed in fine sanitary condition. It will be a treat for the Paris theatre-goers to again have a chance to visit the movie house, and see their favorites on the screen. The program for the week is as follows:

Wednesday, December 25.—Thos. H. Ince production, "The Hun Within," with Dorothy Gish and George Fawcett and a special star cast; Big V. Comedy, "Humbugs and I's-bands," and Pathe News Feature.

Thursday, December 26.—Select Pictures Corporation presents "Sauce For The Goose;" Paramount Pictograph, and Pathe News Feature.

Friday, December 27.—Jesse L. Lasky presents Ethel Clayton, in "The Girl Who Came Back;" Ruth Roland, in ninth episode of "Hands Up."

Let's all rejoice. With the war ended and the ban lifted life will assume a little bit of a rosier hue. All aboard for the Alamo and the Paris Grand!

BURGOO FOR EVERYBODY AT TAYLOR & SPEARS' SALE.

Burgoo, and plenty of it, will be served at the big land sale of Spears & Taylor, which will take place on the premises near Escondido, on Saturday, Dec. 28, at 10 a. m.

One hundred and fifty barrels of corn and 500 shocks of fodder will also be sold at the same time and place. Read the large advertisement elsewhere in this issue of THE BOURBON NEWS, and be sure and attend the sale. (24-2t)

IN THE SERVICE OF THEIR COUNTRY.

Privates Harry Brown, Strother Wess, Garrett Evans and Dudley Davis, colored soldiers, have received honorable discharge papers from Camp Zachary Taylor, and have returned to their homes near Paris.

Lieut. and Mrs. Walton Nelson are guests of Mrs. Nelson's parents, Mr. and T. P. Wadell, at Millersburg, for the holidays. Lieut. Nelson is in the service, stationed at Camp Gordon, Georgia, in the officers' training camp.

Relatives have received information from the War Department that Capt. William Collins and Sergt. Allie C. Detwiller, of North Middletown, are on a transport with returning soldiers from France, due soon at New York.

Major Henry F. Rhodes, Chief of the State Selective Service, had a narrow escape from death in Frankfurt, when a chauffeur ran him down and severely wrenched his back against the side of the garage. Had not the Major leaped to the fender he would have been crushed to death. He will be confined to his bed for several days.

Leo C. Brannon, formerly of Paris, who is in the naval service on board the transport Susquehanna, is spending a furlough with his parents, Mr. and Mrs. Thos. F. Brannon, former Parisians, in Lexington. Leo has been "across" four times on the Susquehanna, which docked Sunday, Dec. 15, at Norfolk, Va., with many wounded soldiers on board.

Mr. Thornton Connell, son of Mr. and Mrs. John J. Connell, of Paris, student of the University of Kentucky, and a former member of the Lexington Herald reportorial staff, has returned from Camp Hancock, Ga. Connell was in the Machine Gun school at Camp Hancock, having been sent there from the S. A. T. C. unit at the University.

Capt. Robt. C. Jones, and Mrs. Jones are now with the family of his father, Mr. Wm. S. Jones, at North Middletown. Capt. Jones has received his final discharge papers and is a private citizen again. He spent several weeks on the battlefield in France, but was detached from his company, and sent back to Augusta, Ga., where he was an instructor at Camp Hancock. Capt. and Mrs. Jones have been guests recently of relatives in Paris and Lexington.

With a service flag containing 247 stars, nine of them in gold, it is believed that Transylvania College, at Lexington, has furnished more officers to the Great War than any other college in the South, and likewise probably leads in the number of lives given to the service. One of the gold stars represents Capt. Reuben B. Hutchcraft, of Paris, who was a graduate of the institution, and who delivered lectures in the Law School several terms before he went into the army.

Kentucky soldiers from Danville, Winchester, Lexington, Eminence, Ashland, Beattyville, Earlinton and other parts of the State are mentioned in a peculiarly human and interesting letter from France received by the Courier-Journal from Corporal Pete Hambrick, of Company I, 59th Regiment of Infantry, whose home is near Winchester.

Corporal Hambrick, who believes he was the first Kentuckian from his part of the State to reach the battle line, has been gassed and wounded by shrapnel.

The boys are coming back! In the past few days there have been several of khaki-clad men from the cantonments. Among recent arrivals are John "Dugan" Hennessey, from Fort Douglass, near Salt Lake City, Utah; Second Lieut. Hiram T. Roseberry, from Ft. Still, in Oklahoma; Blair Varden and Charles McCarthy, from Camp Zachary Taylor; Thornton Connell and Hiram Adair, from Camp Hancock, Georgia; Garrett Evans and Lolyd Williams, colored, both of North Middletown, who have been at Camp Zachary Taylor.

Mrs. Mollie James, of Paris, received a letter yesterday from her son, Cornelius (Buddie) James, written from Brest, France, stating that they were packing their kits in their old war bags preparatory for returning to the United States. Buddie stated that their ship had been on patrol duty along the French coast for some time, and now that the war was over they would get a chance to come back home. The sailors will be given a thirty-days' furlough on their arrival in New York. Buddie stated that he was in the best of health and that the home-coming idea appealed strongly to him.

Among the new arrivals of men who have been in the service are Kimbrough Duvall, who has been stationed at Camp Dix, in New Jersey, for several months, and Sello Wollstein, who has been in a cantonment in New York. Young Wollstein was accompanied by a Charlie Chaplin mustache somewhere in the vicinity of his proboscis, and seemed as proud of the appendage as he did of his uniform. Both boys are in fine shape, and surely glad to get home in time for the Christmas holidays.

RED CROSS ROLL CALL MAKES SUCCESSFUL DRIVE.

Yesterday was the last day of the Red Cross Christmas Roll Call, which has been in progress since Monday, December 16. The headquarters in Bourbon-Agricultural Bank building, at the corner of Main and Broadway, were open all day, and a large number of names were added to the Roll of Honor.

Last year the number enrolled in the Red Cross campaign totaled 3,200. Mrs. Frank P. Lowry, Chairman of the Roll Call campaign, while not making a definite statement as to the total number secured in the campaign, was confident that this year's drive had exceeded that of 1917, and that the number enrolled would be in the vicinity of 3,400, with probably more to hear from.

days. They say Uncle Sam is the best provider in the world, and their physical appearance certainly bears out their statement.

Mr. Ben Woodford, Sr., of near Paris, is in receipt of a letter from his son, Scott Woodford, who, with his brother, Brooks Woodford, was in the thickest of the fighting in France, saying he and his brother were both well and safe. Another brother, John Woodford, is now with the American Expeditionary Forces in Siberia.

Mr. Newton Mitchell received a letter yesterday from her son, Corp. Jos. G. Mitchell, in France, dated November 27. Corp. Mitchell wrote that the command had received orders to get ready for transportation back to America and that they would probably be in the United States by December 25, Christmas Day. Corp. Mitchell stated that he had met Mr. James G. Metcalfe, Jr., formerly Trainmaster of this division of the Louisville & Nashville, with headquarters in Paris. Mr. Metcalfe was laid up by an attack of rheumatism, but hoped to be in shape soon to return to America.

HEALTH BOARD LIFTS THE INFLUENZA BAN TO-MORROW.

After having so far modified the influenza ban which has been in effect since October 7, as to permit church services, the ban has been further lifted by the local Board of Health. The Paris Grand Opera House and the Alamo Theatre will reopen to-morrow. The influenza situation has improved to such an extent that with no new cases reported the local Board felt justified in restoring normal conditions.

Services were held in all the Paris churches last Sunday, the only restriction imposed being that the members of the Primary Departments were not permitted to attend.

No deaths from the influenza have been reported for several days and Health Officer Keller stated that with the co-operation of the business men of the city in carrying out the Health Board's regulations in regard to proper ventilation and other sanitary features, avoidance of congestion in the stores and keeping the crowds moving, the disease would be entirely stamped out.

The lifting of the ban will be a great relief to the business interests of the city. The people of Paris have done everything in their power to assist the Board of Health in their efforts to control and stamp out the disease, and now that the real danger is passed they will greatly appreciate their release from the enforced monotony the ban placed upon them.

Should any number of new cases appear or anything approaching a return to the danger line, the Board will clamp the lid down tight again, in the interest of public health. The Board of Health has ordered all persons in the city to be inoculated with the Mayo-Rosenow anti-influenza serum, prescribing a course of three inoculations, administered seven days apart. The County Health Board is co-operating in this, and arrangements have been made to provide for the free administration of the serum to all who are unable to pay for it.

LEG BROKEN BY AUTO.

John Brandenburg, residing near Clintonville, this county, was taken to the Good Samaritan Hospital, in Lexington, Saturday night, suffering from a broken leg, as the result of being struck by an automobile. The fracture was in the left leg just above the knee, and is a very painful injury, which will keep him confined to his bed in the Hospital for several weeks.

Brandenburg stated to the police and the hospital attendants that he started to cross the street at the corner of Kramer and Wallace streets, in Lexington, when an automobile without lights came dashing along and knocked him down before he could get out of harm's way. He said that the driver of the machine did not sound his horn, and that the machine did not slack its pace to see whether he was hurt or not. Those who witnessed the accident stated also that the driver of the machine did not slacken speed, but rather quickened it. The ambulance was called and Brandenburg removed to the Good Samaritan Hospital. Brandenburg had been engaged in work near Clintonville, on the farm of Mr. Jas. Estes.

Postmaster J. Walter Payne announces the following schedule for Christmas Day. All rural route carriers will make the trip the same as on any other day. The city carriers will make but one delivery. The postoffice will be open at 12:30 p. m. No business will be transacted in the money order or registry departments.

The office was being placed in readiness for the expected Christmas rush yesterday, the local force being augmented by the addition of several extra clerks. THE SPIRIT OF THE 1918 CHRISTMAS SEASON.

We are glad it is ours once more to greet our readers with a bright and merry Christmas. It seems but yesterday that we sent a like message to you, and yet a year has flown by. May your homes be bright, the dear children of your household happy and the great wish and hope of your hearts in abundant measure be realized this Christmas tide.

Marvelous is the influence by which the Christmas spirit moves the hearts of men to joyful and generous impulses. It seems as if in this era of the year an unseen angel touches the invisible spring of an unused door in normal human nature and fills them with joy and sunshine. What a world of generous happiness it twirls around us! Those whom Providence has prospered are busy with their loving devices to make home happy, to crown the waning year with goodness, to reward fidelity, patience and love, to reap the joys that flock into the Christmas season like homing doves from afar circling light. None would deny them all the riches of such experience of this season whose glory is the advent of Him who came to minister to the poor and the sick and the downcast, and not to be feted and filled with costly gifts.

To us no season of the year awakens so much of tenderness and fellow feeling towards all humanity as Christmas. It is not only a time of well wishing, but kindly doing, with a vein of sympathy that would turn no one away empty, withhold no tender greeting, no act of kindness, no word of love that might contribute to another's happiness. No sacrifice seems too great that we might not bless one another—no yielding up of self too trying that we might smooth some life, no trial of patience too great that we might not bear and forbear with a spirit vexed with many things. An appreciative Christmas will rule the baseness, rudeness, roughness out of any life. Christmas is the time of love. Peace and good will is spoken of it. Ill will knows nothing about it. Harsh, unkind words take the spirit out of the occasion. If Christmas means anything it is a day of good things, gracious deeds, generous impulses, noble aspirations, helpfulness, gladness, brightness, buoyancy, the shadows fleeing away and the sunlight streaming in and thus we make—The Merry Christmas ring—And drive away our fear:—As it arrives we brighten lives—And fill them full of cheer.

GOVERNMENT WILL ASSIST WAR WORKERS TO FIND JOBS.

The thousands of civilian war workers in the Government service who will soon be dismissed because their services are no longer needed will be assisted in finding re-employment through plans now being arranged by the United States Civil Service Commission.

On the recommendation of the Civil Service Commission the President issued on November 29 an executive order which provides that the names of persons in the competitive classified civil service with unrestricted status who were appointed either permanently or probationally prior to the date of the order, who have served less than three years, who are separated from the service because of a reduction of force, and who are recommended for further employment by the government because of demonstrated efficiency in the office from which they are separated will, upon request, be entered by the Civil Service Commission upon appropriate eligible registers for reappointment, eligibility thereon to continue for one year from the date of separation. The re-employment registers thus established will be used so far as is practicable for filling positions in the Government service.

It is expected, however, that there will be a surplus of eligibles on these re-employment registers and in order that those who cannot be replaced in the Government service may find positions in private employment, the Civil Service Commission has asked the co-operation of the Department of Labor in the work of finding suitable employment in private establishments for those who cannot be replaced in the Government.

It is the view of the Civil Service Commission that the machinery of the Government should be used to fullest extent in finding employment for the war workers for it is realized that a considerable number of them entered the Government service at some personal sacrifice to help with the war program.

STATE FOOD ADMINISTRATION OUT OF BUSINESS.

The United States Food Administration has ceased to be. This is the order received by County Administrator Lawrence Mitchell from the State and National headquarters. The county and district food administration office will be closed immediately, as there is no further need for such an organization. During the past year, through the service of the Food Administration, by the Grain Corporation, the Sugar Equalization Board, the price list committee, a corps of inspectors and supervisors, it has been made possible for persons to have had food commodities which, if there had been no regulation, would have been denied them. Prices have been such that everyone could afford products which would have been only for those possessing ample means had not prices been regulated by the Food Administrator.

Fred M. Sackett, however, stated in his communication to the local Food Administration officials that he desired that the volunteer members of the organization be in readiness to be called together at any time in the near future.

LOCAL BOARD OF HEALTH ISSUES IMPORTANT NOTICE.

At a full meeting of the City Board of Health, Friday afternoon, it was ordered that Mayo-Rosenow serum be given to all who have not heretofore received it, or who have not had influenza.

This order is made mandatory for the reason that 225 per thousand persons without the inoculation are stricken, with it, eight.

This marked immunity in favor of serum treated persons is sufficient to justify the Board of Health's decision.

Go to your family physician as early after reading this notice as is possible. It is the one great safeguard for all interests, churches, schools and every form of business. The chiefest reason, however, being the protection of the health of the community.

The City or County, according to jurisdiction will be asked to pay a reasonable fee for services rendered to those unable to pay the ordinary fee for others. Three inoculations are necessary, to be given seven days apart.

The State Board of Health strongly urges the immediate adoption of these measures. Let's have the heartiest support of every man, woman and child in the City and County.

By order of Board of Health.
A. H. KELLER,
City Health Officer.

Bourbon County Farm

—AT—

Public Auction

SATURDAY, DEC. 28,
AT 10 O'CLOCK A. M.

The farm of E. F. Spears & Sons and N. H. Taylor, six miles from Paris and half mile from Escondida, on the Escondida and Winchester pikes, will be offered in five tracts.

This farm was the property of Capt. F. E. Nelson, and for 50 years was in blue grass. It was sold to Spears & Taylor two years ago, and they have cultivated a large portion of the farm in hemp.

Practically 300 Acres of This Farm is Tobacco Land.

The home place contains a two-story brick and frame residence with slate roof, seven large rooms, reception hall, veranda, bath complete, back porches, with presses throughout the house. The house has thick walls and French plate doors, is well lighted, has fine dry cellar and is built on bungalow order. It is newly painted outside and inside and the walls have been newly and artistically papered and decorated.

Large double filtered cistern, ice house, servants house, smoke house, stock scales, all necessary outbuilding, and combined stock and tobacco barn.

The farm lays well and amply watered by Green Creek and numerous springs and pools, each tract having abundance of water.

A large portion of the farm is bottom land and is within half a mile of Escondida Station on the Louisville & Nashville Railroad.

TRACT NO. 1—Contains 19.71 acres fine bottom land and lays between the Escondida pike and Green Creek, and is directly opposite from Tract No. 1 and Tract No. 2. It has thereon a small tenant house and is the best 25 acres of tobacco land in Bourbon County.

TRACT NO. 2—Contains about 58.20 acres unimproved land, faces on the Escondida pike. It has a beautiful building site. One third is bottom land and ready for tobacco. It adjoins the lands of Brutus Clay, and like Tract No. 1, is high and well drained.

TRACT NO. 3—Is the home place of Mr. Taylor, and contains about 155.61 acres, one half of which is fine bottom land. It faces on the Escondida pike. The house is situated high and dry and commands a beautiful view of the surrounding country.

TRACT NO. 4—Contains about 44.98 acres unimproved land, all of which is tobacco land. There is none better. It adjoins Tract No. 1, and faces on the Escondida pike.

What better gift can you think of for your son or daughter than a course in the Fugazzi School of Business? You'll never be able to estimate the value of the dividends such a gift will return.

There never was a time when efficiently trained men and women were more in demand—the war just over has emphasized the value of efficient training and the reconstruction period ahead will emphasize it still more.

RESOLUTIONS

Adopted by Imperial Encampment No. 68, I. O. O. F., Paris, Kentucky, December 18, 1918, upon the death of our Brother and Companion, Capt. Reuben B. Hutchcraft, Jr.

"There is a tear for all who die, A mourner o'er the humblest grave, But nations swell the funeral cry, And triumph weeps above the brave."

Whereas, we the members of this Encampment, have learned with profound sorrow of the death of our friend and brother Captain Reuben B. Hutchcraft, Jr., upon the battle field of France.

Be it resolved, That brother Hutchcraft, by his bright and genial disposition his fraternal and courteous bearing not only in the lodge room but in the walks of every day life, has endeared himself to each and every member of this Encampment.

By his devotion to duty and to principle, and by his brave and heroic death he has exemplified the sublimest teachings of our Great Order.

Be it further resolved; That in the death of Companion Captain Hutchcraft, the Nation has lost a true patriot and a brave and valiant soldier; the State an able and upright public servant; the community a model citizen; this Encampment a faithful and zealous member; his family a devoted son and loving brother.

Be it further resolved; That we extend to his family our deepest sympathy, in this hour of their great sorrow, and in token of our esteem and affection for him, and of our deep sense of the personal loss to each and every member of this Encampment, we dedicate a page of our records to his memory, and direct that these resolutions be inscribed thereon and a copy of same be sent to his family, and one copy be printed in the local newspaper. All of which is respectfully submitted.

G. B. MINTER,
A. L. SLICER,
Committee.

RESOLUTIONS OF BOURBON LODGE, I. O. O. F., IN MEMORIAM CAPT. REUBEN B. HUTCHCRAFT.

At a meeting of Bourbon Lodge, No. 23, I. O. O. F., held Monday night, resolutions as follows were adopted on the death of Capt. Reuben Hutchcraft, who recently lost his life at the front in France, on Nov. 6, 1918:

WHEREAS, It has pleased our Heavenly Father to take from us by death our beloved brother, Capt. Reuben Hutchcraft, in the prime and vigor of manhood, and midst of a useful and honorable career;

Therefore, be it Resolved, First, That we bow with humble submission to this mysterious dispensation of an all wise and kind Providence, remembering that He doeth all things well.

Second, That in the death of Capt. Hutchcraft his family has lost a faithful, affectionate and devoted son and brother; the State an honorable and useful and upright citizen; this community an able and much beloved lawyer and citizen; and this lodge a true and devoted member.

Third, That this lodge tender its deepest sympathy to his afflicted family in their bereavement, and that the Secretary of this lodge be instructed to present them a copy of these resolutions and that also the same to be published in the Kentucky-Citizen; that a page in our minute book be used for the purpose of spreading same in our records.

HANDSOME "HELMCREST" HOME DESTROYED BY FIRE.

"Helmcrest," home of W. T. Schnauffer, prominent lumber man of Lexington, two miles and a half on the Maysville pike, was totally destroyed when a fire originating from a defective furnace gutted the building. The loss is estimated at \$39,000 which is partially covered by insurance.

Helmcrest, the former home of Mrs. Jennie Hanson Helm, was one of the most beautiful homes in that section of the State, being on a small hill about a quarter of a mile from the Maysville pike. The home was purchased from Mrs. Helm by Mr. Schnauffer about two years ago.

The home was made entirely of stone and the flames eating their way through the floors gutted the building in a short time. The furnishings of the house which will run into thousands were a total loss as the flames made such rapid headway that none could be saved.

"Paris, Ky., Dec. 24, 1918.

"DEAR SANTA CLAUS:

"I will write to you as Xmas is almost here and I don't want you to miss me. I am a little boy seven years old. I want you to bring me a hobby horse and a little train with a real engine that will go 'choo choo'."

"Bring my little brother, Reuben, a little red auto with green wheels. Bring us both lots of candy and nuts. Bring papa some hair dye. Be sure and come."

"P. S.—Bring papa's dye black, for that is the color he uses."

"Paris, Ky., Route, No. 6,
"December 17, 1918.

"DEAR OLD SANTA:

"As Xmas is drawing near I thought I would write to you so you would not fail to peep down our chimney. I am a little boy eight years old. I would like for you to bring me a little rubber doll and a top and plenty of fireworks and a whole lot of candy and fruits and every thing nice. Bring my little curly-headed brother, Frank, a little red wagon and a little horn and bring my little brother, Andy, a toy fiddle and a cross-eyed doll. Bring my dear old papa a wig and please don't tell anybody, for he don't want them to know he is baldheaded. Now Santa, don't forget us. Bye, Bye,

Many Paris People On the Verge of Collapse.

A bad back makes you miserable all the time—Lame every morning; sore all day. It hurts to stoop—it hurts to straighten.

What with headache, dizzy spells, urinary weakness. No wonder people are discouraged. Who do not know the kidneys may be the cause of it all.

Give the weakened kidneys needed help.

Use a tested and proven kidney remedy.

None endorsed like Doan's Kidney Pills.

Mrs. John Mastin, 1439 High St., Paris, says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble."

I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints and if I should need a kidney remedy again, I would certainly take Doan's."

Mrs. Mastin is only one of many Paris people who have gratefully endorsed Doan's Kidney Pills. If your back aches, if your kidneys bother you, don't simply ask for a kidney remedy, ask distinctly for Doan's Kidney Pills, the same that Mrs. Mastin had—the remedy backed by home testimony. 60 cents at all drug stores. SOME BIG TRAIN.

One of the longest passenger trains the Louisville & Nashville has sent out for years passed through Paris, Saturday morning. The train was a double-header, comprising three big express cars, loaded with dressed turkeys and all kinds of Christmas goods, two mail cars, also loaded, presumably, with a miscellaneous cargo of Christmas mail, two combination cars, three day cars, and two Pullman cars.

The day cars were loaded to the guards with passengers, the majority of them being khaki-clad lads, en route to their homes from the cantonments. The boys were in high spirits and seemed glad to be on the road home. They gave vent to their joy in college yells and cheers and sent a wave of gladness through the waiting passengers. The Christmas spirit was in evidence everywhere. Many of the passengers had their car windows decorated with holly wreaths and flags.

As the train pulled out of the station, loaded with its freight of happy humanity and tons of Christmas goods destined to make many homes happy, the irrepressible spirit of Americanism could not be subdued, and loud cheers burst from the throats of the waiting passengers under the train sheds, and from the railroad men at the station and in the yards.

There was an instant response from the train, where hundreds of soldiers threw their windows open and sent up an answering cheer that went from post to post until lost the distance. And thus does the Christmas spirit prove its contagion. Another train, of twelve coaches, filled with cheering, happy soldiers, en route home from Southern cantonments, passed through Paris, Sunday morning. Most of the men were from Camp Gordon and Camp Hancock. They made up a happy and enthusiastic crowd as the big train pulled out of the yards. One of the men remarked to General Agent W. V. Shaw: "I never knew what a great thing Christmas was before, and now, if the boys were only back from France, what a great homecoming it would be." He was from Chillicothe, Ohio, where he had been at Camp Sherman for months before being sent to Camp Gordon.

Mr. George H. Crosdale, proprietor of The Crosdale Hotel, informs us that he has been taking lessons in drawing through a New York artist from Delmonico's, and has so far advanced that he can draw a "HOUSE" and "OCCASIONALLY" a dollar, likewise a check in favor of "THE OTHER FELLOW," and that he will, on Christmas night, demonstrate his ability in this respect to all those who see fit to attend from 5:30 to 7:30 p. m. He intended to make this a free demonstration, but owing to the unexpected cost of same, he will be obliged of necessity to charge the "EXCESSIVE" amount of fifty cents for admission, but thinks with music and refreshments, that the entertainment will be such that "EVERYONE" will be willing to draw on their "RESPECTIVE BANKERS" for the amount.

CHRISTMAS SHOPPERS BUSY.

The Christmas rush among shoppers began yesterday and the stores and streets of Paris presented an animated picture as throngs of shoppers, wended their way from one place to another. There was a large crowd in the city, and the merchants reported an unusually good business preceding the Christmas Eve rush.

To-day will be "The Day Before Christmas," the time dotted upon by the belated Christmas shoppers and also to the snug preparedness one who has had every gift chosen, securely wrapped and labeled, if not already sent, several days before. There will not be any large Christmas trees or Sunday school gatherings, as is the usual custom on Christmas Eve, because of the Health Board rulings. To-morrow will be Christmas Day, with many happy family reunions and happy little Christmas tree parties in the homes.

FORMER PARISIEN PROMOTED FOR VALOR IN BATTLE.

The Courier-Journal of Friday prints a fine half-tone portrait of Major Neville C. Fisher, son of Mrs. W. H. Fisher, of Paris, who was recently promoted from Captain to the rank of Major for distinguished gallantry and valor in the service in France.

Maj. Fisher was a member of the Bourbon county bar during his residence in Paris. Several highly interesting letters to his mother have been printed in THE NEWS, in the "Letters From Soldiers and Sailors" column. The Courier-Journal accompanies the picture with the following from the Georgetown correspondent:

"It will be a happy Christmas for the little family of Maj. Neville C. Fisher, who recently was cited for gallantry in battle and promoted from a captaincy.

"Mrs. Fisher was Miss Eva Fennell, a daughter of Judge James Fennell, of Georgetown.
"They have two children to share in 'daddy's' glory—Miss Emily and James Fisher."

NO CHILDREN UNDER 12 YEARS OLD ADMITTED

AN APPEAL FOR THE FRENCH WAR ORPHANS

Appeals for French children made orphans by the war, continue to reach the great heart of America, and when we remember that 350,000 homes in France have been wrecked and thousands of little ones orphaned and rendered practically homeless, it would seem that none of these appeals should be in vain.

The French race can only be saved if the children are taken care of today, and taken care of by the friends of France, for stricken France for a time at least, must trust to her friends.

A great Frenchman once said, "Power means Protection." To that degree in which we as Americans are powerful, may we be a protection to our friends.

For those of us who will have our boys back, could there be a more touching task offering to God than that we should take one little French orphan under our care?

It requires only \$36.50 annually to support "one of these little ones," the French government contributing an equal amount, and who can estimate the value of such an offering, both as our expression of American friendship and of sympathy for the helpless.

The following extract from a letter recently received here from Corp. Joe G. Mitchell, of this city, gives some idea of the pathetic conditions existing "over there" among the little ones:

"You in America do not realize the conditions of the poor little children and women in France. A crowd of children between the ages of five and ten years wait on the outside of our mess hall to get something to eat that we leave. One little fellow and myself are great 'buddies.' I take him a part of my bread and coffee when I finish eating. He is about five years old, has a round, bright little face. It is surely an awful sight to see how hungry these poor little things are. Women fifty years of age are seen reaching in our garbage cans getting scraps of meat and bread. Pitiful, sure."

WRITER AND LECTURER SAYS GERMANY NOT BEATEN.

Isaac F. Marcossan, of Louisville, writer and lecturer, who has just returned from a six months' visit to France, Holland and Switzerland, delivered his first lecture in New York on "The War and After," at the Advertising Club, 47 East Twenty-fifth street. He praised the work of Gen. Pershing, and called his being sent to France, "an inspirational stroke."

Gen. Pershing, he said, had never had a day's business experience in his life, "yet he organized and directed the tremendous business system of supplying and equipping our armies until when the armistice was signed there were 2,100,000 American soldiers in France, with four months' complete supplies and equipment in the storehouses." In speaking of the economic compensation of the war he said:

"The tragedy of the war is that Germany has not been beaten. The German soldiers are returning home as conquering heroes. They are being greeted as saviors of the German economic system. I believe that Germany is a great deal better off than she wishes the world to believe. I have visited all the neutral countries of Europe, and have seen the tremendous storehouses owned by the Germans in Holland and Spain."

He said he was sorry President Wilson had seen fit to leave his place as the spokesman of humanity, and he believed that his judicial judgment would have had more weight if he had stayed in this country.

"But now," he said, "that he has gone I hope that he will see some of the results of the unspeakable atrocities perpetrated by the Germans, and will talk to the men who have been through cruelties which have not been duplicated since the dark ages."

CURE AT A COST OF 25 CENTS.

"Eight years ago when we first moved to Mattoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Allison, Mattoon, Ill. "I had frequent headaches and dizzy spells, and there was a feeling like a heavy weight pressing on my stomach and chest all the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person."

AT IT AGAIN.

Like Banquo's ghost, which would not down, the question of reviving the old Blue Grass Baseball League, is coming up again, with Lexington enthusiasts endeavoring to foster the movement. In a "piece" in the Lexington Herald of Wednesday, one "fan" issues the following to encourage the fires of hope to burn in the breasts of the faithful:

"A movement is on foot to give Lexington a baseball team next summer and at the same time to reorganize the old Blue Grass League, which turned out several big leaguers. Because of the war which took many thousands of our boys overseas and to camps, the league went out of existence. With the lads back home and eager for the game, every indication points to a rejuvenation of the game and the league."

"The league could easily embrace Lexington, Frankfort, Paris, Richmond, Cynthiana, Maysville, Covington or Newport, more likely the latter city, because of the Wiedemann's, of which Charley Applegate is the manager, and an urgent supporter of such a league. There would be no big or expensive jumps, unless it were to Covington, Newport and Maysville."

"Letters have been forwarded to several Covington and Newport parties asking if they will come to Lexington and arrange for a general meeting to organize the league. The other towns will also be invited to be present at the preliminary meeting."

REFUGEE GARMENTS

Three thousand garments for refugees are being cut daily by electrically driven cutting machines at Lake Division, Red Cross headquarters in Cleveland. Hand cutting isn't speedy enough to meet the needs of overseas sufferers.

After the garments are cut, women volunteers assemble, or tie them, in bundles for shipment to the 358 chapters in Ohio, Indiana and Kentucky.

The chapters, branches and auxiliaries finish the garments and return them to the division warehouses for forwarding in carload lots to eastern ports for final shipment overseas. All Lake Division chapters have been given refugee garments quotas to be finished at an early date.

CATARRAH DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrh of the ear, and that is, by a constitutional remedy. Catarrh of the ear is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrh of Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

Before using this preparation for a cough or cold you may wish to know what it has done for others. Mrs. O. CITIZENS' MILITARY CAMP TO
OPEN JAN. 6 AT LOUISVILLE

A Southern military training course for civilians has been authorized by the War Department, Louisville, Kentucky. The new camp is to start January 6 under the auspices of the Military Training Camps Association and is to be known as Camp Pershing. Applicants for the camp must be eighteen years or more and will be required to pay their own transportation and \$30 for the two weeks' course to provide for their sustenance and other expenses. The attendance will be limited. Applicants will be accepted in the order their applications are received. The camp will be in command of Capt. F. L. Beals, U. S. A.

Military training is one of the greatest things that has ever come before the nation. It tends to the betterment of the race, physically and morally, from the standpoint of personal efficiency in every industry, line of labor and profession. It tends to physical and moral betterment because it gives people a greater appreciation of their obligation as citizens and a better understanding of their fellowmen. Application can be made to the nearest branch chairman, or at the Central Department Headquarters of the Military Training Camps Association, Consumers Building, Chicago. Attendance to Camp Pershing does not obligate further military service at the expiration of the course.

A Southern camp at this season offers opportunity for military training to many men who cannot find time to take advantage of a summer camp in the North.

SYNDICATE TO BUY KENTUCKY
RACE TRACKS.

A syndicate has been formed or is in the process of formation, of a number of prominent thoroughbred breeders of Central Kentucky to buy the four Kentucky racetracks and coordinate them under one management. The purchase is understood to be contemplated in order to put racing on a cleaner basis under conditions which will eliminate the probability of criticism of methods of racing. Two millionaires are among the members of the syndicate—former Senator Johnson N. Camden and Edward Simms, formerly a Bourbon county turtman, now a Texas oil operator, who still retains Kentucky properties. A leading politician and attorney of Lexington has been commissioned to buy the four tracks if they are for sale, but no price has been set.

American troops in France have contributed 200,000 francs (\$40,000) to the adoption of French orphans, through the Red Cross.

CHRISTMAS ON THE WAY.

With gayly decorated shop windows and shoppers in the stores, though as yet not in crowds, the Christmas spirit is daily manifesting itself, and "Christmas is on the wing." Window shopping by both old and young goes on every day and many are the covetous glances and the plainly-expressed wish for the objects therein displayed.

Christmas this year finds the stores of Paris filled with unusually select stocks, and with prices no higher than those asked elsewhere, and you don't have to pay carefare either to or from the store. Trade at home and get just as good results. Read THE NEWS' local columns and see who to trade with. It's a reliable guide!

And while we are on the subject, let us remember those who will have but scant joy at the glad Christmas time. They are here, and unfortunate through no fault of theirs. Let's make for them one bright day in their dull lives. You know some one, and someone knows someone else who will come under the provisions of this "carry-them-cheer" on Christmas day.

CHRISTMAS GOODS THAT WERE
BOUGHT RIGHT.

Christmas shoppers this year are trying to save money. Those who are wise will take advantage of the following information: Jas. E. Craven has just returned from Cincinnati, where he bought a car load of good things for his holiday trade. Mr. Craven has told us that he has bought more than ever before, consequently bought his goods right. And by being on the ground got the best, picked it out and sent it home. If you want the best Oranges, Bananas, Grape Fruit, Figs, Nuts, Dates, Candies, both in the bulk or box, see him. Buy from Craven and get the best at the cheapest price.

DEATHS.

MORGAN.

The funeral of Mrs. Margaret Weathers Morgan, aged twenty-seven, who died at her home, 322 Forman avenue, in Lexington, was held in the Paris Cemetery at three o'clock Thursday afternoon, with services conducted at the grave by Rev. A. W. Fortune, of Lexington.

Mrs. Morgan is survived by her husband, Mr. Cleveland Morgan, who is a member of the American Expeditionary Forces, in France; her mother, Mrs. Alice Weathers; three sisters, Mrs. J. B. Utterback, Mrs. S. K. Bottom and Miss Alice Weathers; one brother, Mr. Robert Weathers; and her grandmothers, Mrs. Hattie Barnett and Mrs. Jane Weathers.

RICHART.

The body of Mr. Frank Richart, a former resident of Millersburg, who died of influenza last week in Kansas City, Mo., was brought to Millersburg, Friday, for interment. The body was accompanied by the deceased's son, Lieut. Granville Richart. The funeral was held Friday afternoon, with services conducted at the grave in the Millersburg Cemetery by Rev. Morton, of the Presbyterian church.

Mr. Richart was a native of Sharpsburg, but had lived the greater part of his life in Millersburg and Mt. Sterling. He was a brother of Dr. G. A. Richart, formerly a well-known physician of Mt. Sterling, and a cousin of Sanford M. Allen and Mrs. Owen Ingels, of Millersburg, and Mrs. Louis Rogers, of Paris.

Among those from a distance who attended the funeral were Mr. and Mrs. Louis Rogers, of Paris, Mrs. Susan Pickrell, Mr. and Mrs. Wm. French, Mr. Dwight Bowden and Mr. Royce Allen, of Winchester.

BEAN.

Friends in Paris and the county will learn with regret of the death of former Parisian, Edward Bean, which occurred at his home in Memphis, Tenn. Mr. Bean was stricken with heart trouble and lived but a few moments after receiving the stroke.

Mr. Bean was formerly a prominent merchant in North Middletown and later came to Paris to reside. Several years ago he left here and went to Memphis, where he went into the insurance business, meeting with success. He built up a large business and at the time of his death was Superintendent of Agencies for one of the largest companies in the business.

Mr. Bean was a son of the late Mr. and Mrs. Asa Bean, of North Middletown. He is survived by his widow, Mrs. Sadie White Bean, formerly of Mt. Sterling, and one daughter, Mrs. Carrie White Brown, wife of Maj. Horace Russell Brown, of Little Rock, Ark., now a member of the American Expeditionary Forces in

France. His only sister, Mrs. Elizabeth Coakley, is now visiting at the home of her son, Mr. C. C. Hadden, and Mrs. Hadden, near North Middletown.

REAL ESTATE DEALS.

Scott & Adcock, real estate agents of Winchester, sold the farm of about seventy acres, belonging to C. S. Moffett, near Austerlitz, this county, to G. L. Holliday, at \$185 per acre. Mr. Holliday will move to the property.

Dr. S. F. Hamilton, of Mt. Sterling, sold Saturday to Mr. David Estill, of Paris, his frame cottage on Holt avenue, in Mt. Sterling, for \$2,650. Mr. Estill, with his family, will move to Mt. Sterling and occupy the home.

The handsome home of Mr. Geo. Howard, on Duncan avenue, advertised in THE NEWS to be offered at public sale, on last Saturday afternoon, did not sell. Only a few persons were present at the advertised hour, the very inclement weather putting "a ban" on the bidders. The property will be offered again at another date.

A big land deal was consummated recently when Mr. Wm. H. Whaley, Jr., of Paris, purchased the Burgess farm from Mr. John T. Hedges, for \$200 per acre, or about \$41,500 for the 207½ acre tract. The place is located on the Houston and Antioch pike, near Hutchison, and is considered a bargain. The farm is in a high state of cultivation and is substantially improved. Mr. Hedges bought the farm from Mr. Julian Frank in 1916 for about \$165 per acre. Possession will be given in March. Mr. Whaley bought the farm as an investment.

Mr. Carl Long, of Paris, on Saturday, bought two farms, comprising 180 acres, located four miles from Millersburg, near Hooktown, from Jos. Atkinson, and Nat Collier, for the reported price of \$40,000. Mr. Long sold last week to John Bell, near Jacksonville, his farm of 150 acres at \$300 per acre. Mr. Long bought the land about a year ago from Sam Houston and Calvin Jones. It is said that by crops and profit he has realized about \$15,000 on his investment.

MATRIMONIAL.

—A marriage license recorded in the County Clerk's office under names of a prominent Paris couple yesterday was marked, "Please Don't Publish," so THE NEWS won't tell. The handsome young bride-to-be resides on South Main street, and the groom is a popular young business man, and the wedding will take place tomorrow (Christmas) morning. THE NEWS knew it all along, and has not been "scooped," but the bride-to-be asked us not to tell in advance. Congratulations just the same!

CLAY-ROSEBERRY.

—A social event of the near future will be the marriage of Miss Alice Rogers Clay and Mr. Hiram M. Roseberry, both of Paris. Their engagement was announced Sunday, the wedding date not being given out.

The bride-to-be is one of the most graceful and beautiful young women in Paris, a daughter of Mrs. May Stoner Clay, and a young woman whose graces of character are undeniably charming. Her promised husband is but lately released from military service, having held the rank of Second Lieutenant at Ft. Sill, in Oklahoma. Before his induction into the army he was engaged in farming with his father, Mr. John Roseberry, near Paris. He is a brother of Miss Carolyn Roseberry, of Paris, a popular society girl.

TWO MEET ACCIDENTS

Mrs. Josephine Bramblette, venerable mother of Mr. L. B. Bramblette, of the Bramblette Grocery Co., fell on the back porch at her home, sustaining severe injuries. Her sufferings were so intense at the time that a satisfactory examination could not be made in order to ascertain the extent of the injuries. Owing to her advanced age, she being about seventy-eight, her condition is such as to cause grave apprehension.

Mrs. Elizabeth Smith, aged about eighty-three, widow of Mr. John Henry Smith, of near Jacksonville, is confined to her room in the Massie Memorial Hospital with a fractured hip, caused by a fall. Mrs. Smith, who makes her home with her son, Mr. Will Smith, Superintendent of the Paris Cemetery, was visiting her son, Mr. Charles Smith, in Scott county, when the accident occurred. She was brought to the Massie Hospital for treatment.
